

Committee	COUNCIL MEETING
Date	December 17th 2018
Agenda Item	12

Town Plan update

The Town Plan report has now been revised and amended in line with the recommendations made by Councillors. This version has been made available to Councillors by the 'We Transfer' application. These are the final changes, and the Council must be grateful to Mike Plowright of Colchester Institute for the work he has done to amalgamate the Word and designed versions.

This Town Plan report brings together the results of an earlier residents' survey and more recent concerns which have been raised. This represents the challenges and opportunities presented by the town. The plan includes a comprehensive action plan to address these issues, which will be led by Halstead Town Council, in collaboration with other authorities and organisations.

Recommendation: that Councillors are asked to formally approve this plan.

Sarah Greatorex Town Clerk
