Extra textile bin in Chapel Street Carpark

As reported in July, HTC has been approached by East London Textiles. This company collects unwanted clothes and shoes, and either reprocesses them or makes sure they are reused. In doing so, they also raise money for charities, including Essex and Herts Air ambulance. They would give the Essex and Herts Air Ambulance 15p for every kilo of clothing collected.

The agreement offered by East London Textiles is in Item 15a.

Recommendation: that HTC decides whether to install a textile bank to raise money for the Essex and Herts Air Ambulance.

Sarah Greatorex
Town Clerk
